Moobilenetx is retiring. Connect to eduroam today!

Eduroam (education roaming) is a secure, world-wide roaming service developed for the international research and education community.

Since eduroam is a global WIFI service, signing in is a little different than you may be used to. You will need to use your Kerberos ID (what you use to sign into CAS) plus our home institution – @ucdavis.edu.

Instructions:
1. Open wireless network settings on your computer or device
2. Choose eduroam
3. Select connect automatically and then click connect
4. A window prompting you to enter your user credentials will appear.
5. In the username field, enter your Kerberos ID@ucdavis.edu
   yourkerberosid@ucdavis.edu: ✓ CORRECT
   youremail@ucdavis.edu: ✗ INCORRECT
6. In the password field, enter your Kerberos Passphrase
7. Once you have entered your information into both fields, click OK
   You should now be connected to eduroam! If you have questions, contact IT Express at (530) 754-HELP.
