Instructions for connecting to UC Davis Guest Wireless (ucd-guest)

1. On your mobile device, choose ucd-guest from your available wireless networks.

2. Click Connect to open a browser window and the Guest Registration page.

3. Select the Create a ucd-guest account (or log in with an existing ucd-guest account if you have already set one up).

4. Enter the information requested and click Register. You will receive an email and/or text message confirming your account.

5. Log in to ucd-guest using the username and password included in your confirmation message.

If you have any questions about connecting to UC Davis Guest Wireless, please contact IT Express at (530) 754-HELP (4357).
